

Researchers/Consultants for Flint Brussels

Flint is a growing international business advisory. We are looking for researchers/consultants who can help us strengthen our EU regulatory and policy team in Brussels. We are looking for candidates who have hands-on EU policy and regulatory experience, intellectual rigor, entrepreneurial spirit, are curious self-starters, and have a drive to succeed.

You may currently be working in an EU institution, for a regulatory authority, for a strategic consultancy, a multinational or a think-tank. You understand the EU's legislative process, are able to network and have sector specific skills where the EU is regulating, from technology, media, telecoms, energy, financial services or international or European policy. You have 1-4 years of relevant job experience, foreign languages, a university degree and are eligible to work in Belgium.

We are looking for candidates who thrive working with an extraordinary group of strong-minded, expert individuals, who provide innovative, candid and thoughtful advice to companies at the highest level.

If that sounds like you, please get in touch.

Applications close on Friday 15 June 2018.

Please send a CV and cover letter to jobs@flint-global.com.

About Flint

Flint is a business advisory with over 30 consultants who advise leading international companies. We offer an extraordinary blend of international expertise and experience to help businesses succeed in their dealings with government, regulators, and other public policy decision-makers. We work at the point where government and business meet, offering a clear, expert perspective on both.

We are a forward-thinking and entrepreneurial firm that actively supports its employees. We believe in clear and open communication channels and flat management structures to encourage free thinking and discussion. Our people work in an innovative and autonomous environment that encourages responsibility and accountability for actions and decisions.
