

Strategy Consultants: Public Policy

About Flint

Flint is Europe's boutique strategy consultancy. We are the adviser of choice to the largest investors, financial institutions, and corporates in Europe.

We work with companies and investors affected by political, policy, or regulatory change. Our clients are senior executives looking to change the trajectory of their business, or to achieve particular commercial outcomes. Flint helps them to drive their businesses forward.

Flint's **Markets and Investor Advisory** practice is hiring, and searching for the very best. We need top performers with a strong understanding of both the public and private sector. If you are at the top of your field, want to deliver, and want to be rewarded for it, then we have a role for you. We are seeking exceptional individuals at all levels of experience, from Consultants to Partners.

The role

You will lead client work in our Markets and Investor Advisory practice. This will involve advising clients on public policy, politics, regulation, and commercial strategy. Our clients include the largest asset managers in the world, as well as banks, alternatives, entrepreneurs, and philanthropists.

Flint's clients want to understand, in detail, how they can build a long-term strategy to thrive in an increasingly uncertain policy environment. You will work with them to deliver the best possible outcomes. You will advise our clients at the most senior level – working with Board Members and Executive teams from some of the world's most important institutions.

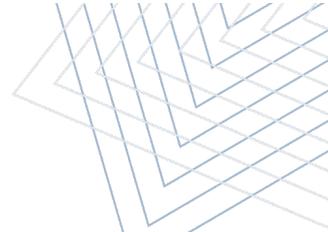

You will contribute directly to the growth of our business, shaping one of Europe's most effective consulting practices. You will help to generate the ideas that make a difference, both for our clients and for our business.

What we are looking for

We are looking for high-achievers, from a range of backgrounds. Our people have a mix of consulting and public sector experience. You will have worked in at least one of the following:

- in strategy consultancy, or in a boutique advisory firm
- in Government, the European institutions or for a political party
- in a position of responsibility at a major regulator
- at a senior level in asset management
- at a Central Bank or multilateral institution

At present, we are particularly looking for experts in UK domestic policy, but are interested in the best public policy experts regardless of background.

You will have a strong track-record of sustained achievement. As part of this you will have:

- Excellent analytical, quantitative, research and problem-solving skills – the ability to draw out the implications of complex evidence and analysis to give clear strategy and policy advice;
- Outstanding written communication skills, with proven ability to draft clear documents for internal and external audiences with varying degrees of expert knowledge;
- Outstanding oral communication skills, including the ability to communicate complex issues to non-specialists;
- Good organisational skills including the capacity to prioritise, plan and schedule complex tasks proactively, and comfort working under pressure and to tight deadlines;
- Strong interpersonal skills – a flexible approach and the ability to work well across teams, both with internal colleagues and external clients; and
- A strong understanding of both the public and private sectors.

Standing out

In order to be successful, you will need to demonstrate the following three things in your application:

- You are a team player and the kind of colleague who will add to the strong community of experts that we are building at Flint
- You have something to say, and that our clients will benefit materially from access to your expertise, and your perspective
- You will be driven by achieving outcomes for our clients, and that you can successfully contribute to a fast-paced commercial business

How to apply

If this sounds like you, we would be delighted to hear from you. Please write to Yana Purik with a CV, and a short note explaining how you stand-out, and what you would bring to Flint.

Applications should be sent to yanapurik@flint-global.com
